Organisation Details

The Middlewich Community Church, referred to as MCC in this document is an Assemblies of God (AoG) Church that meets every Sunday at 10.30am and has various bodies / ministries that support its vision in order to fulfil the objects of its constitution such as the Kids Church, Youth Church, Connect 50, etc

34-36 Brooks Lane, Middlewich, Cheshire CW10 0JG

Trustee Board Statement

As Trustees† of Middlewich Community Church, we recognise the need to provide a safe and caring environment for children, young people, and adults. We recognise the importance of our ministry with children, young people and adults and our responsibility to protect everyone entrusted to our care. We believe every child should be valued, safe and happy. We want to make sure that children we have contact with know this and are empowered to tell us if they are suffering harm. All children and young people have the right to be treated with respect, to be listened to and to be protected from all forms of abuse. Adults in our church should be enabled to live fulfilling, autonomous lives, and should have access to every aspect of church life. The care and protection of children, young people and adults involved in church is the responsibility of the whole church. As a Trustee Board, we endeavour to make our church a safe environment for all.

We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to *"all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status"*. We also concur with the Convention on the Rights of the Child which states that children should be able to develop their full potential, free from hunger and want, neglect and abuse. They have a right to be protected from *"all forms of physical or mental violence, injury or abuse, neglect or negligent treatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s), or any other person who has care of the child."*

The following statement was agreed by the church Trustee Board:

- We recognise that we all have a responsibility to help prevent the abuse and neglect of children and adults and to report any such abuse or neglect that we discover or suspect.
- We are committed to the safeguarding of children and adults and ensuring their well-being. We recognise that children and adults can be the victims of physical, sexual, and emotional abuse, as well as financial and discriminatory abuse and other forms of harm such as exploitation and neglect.
- We endorse and adopt the policy, procedures and guidance set out in this safeguarding policy in accordance with governments' national legislation, statutory guidance, and local safeguarding procedures.

As a Trustee Board we have therefore adopted the procedures set out in this safeguarding policy in accordance with statutory guidance. We are committed to build constructive links with statutory and voluntary agencies involved in safeguarding. We will review this statement and our policy and procedures annually.

† Throughout this policy document, 'Trustee Board' refers to anybody of individuals with overall responsibility for the organisation.

SECTION 2 - POLICY

2. GOVERNANCE & CULTURE

Regulator Requirements

Charities, including faith organisations and churches who work with vulnerable beneficiaries, are expected to have a current, up to date safeguarding policy, along with evidence that all those working with children or adults at risk (including trustees) have been safely recruited and undertaken any relevant criminal record checks. Charities also need to state on their annual returns that they have met the safeguarding requirements set by the regulator.

Church Trustee Board

The Trustees are appointed to have independent authority and legal responsibility for how our church charity is managed in line with the guidance and expectations of the Regulator (Charity Commission or OSCR). The trustees have a critical role in decision making and compliance as well as working alongside the church's spiritual Leadership to set the values, standards, and behaviours of the organisation.

The Trustee Board Commitment To Safeguarding

We undertake to:

1. Promote a Safe & Healthy Church Culture

- We respect the rights of children as described in the UN Convention on the Rights of the Child. We value and respect children and want to hear their voices.
- We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to "all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status".
- We understand the importance of creating a welcoming and inclusive, safe, and healthy environment and are committed to ensuring that we meet the requirements of the Equality Act 2010, implementing all other relevant legislation as part of safeguarding.
- We recognise the personal dignity and rights of adults and will ensure all our policies and procedures and practice guidance reflect this, so that adults can have access to every aspect of the life of our church.
- We are committed to supporting parents and families and ensuring that our church is a safe place for all.

The church has appointed a Safeguarding Coordinator and a Deputy Safeguarding Coordinator as points of reference, to act on all allegations or suspicions of abuse in reporting to the statutory safeguarding authorities. In our commitment to openness, should anyone have a concern that our

church or the Safeguarding Coordinator(s) have not dealt appropriately with a safeguarding concern we would encourage that person to make a direct referral to Social Services or the Police.

2. Work with Safeguarding authorities

We recognise the role that the statutory safeguarding authorities (Social Services and the Police) have in investigating all suspicions and allegations or discovery of child abuse and the abuse of adults and will cooperate fully with all agencies to protect those at risk of harm or abuse:

Children's Social Services (or equivalent) has lead responsibility for investigating all allegations or suspicions of abuse where there is a concern about a child.

Adult Social Services (or equivalent) has lead responsibility for investigating all allegations or suspicions of abuse when concerned about the welfare of an adult.

- Where an allegation suggests that a criminal offence may have been committed then the police should be contacted as a matter of urgency.
- We will follow the requirements for UK legislation in relation to safeguarding children and adults and good practice recommendations.
- We will act in accordance with national and local safeguarding guidance such as laid out in Working Together to Safeguard Children 2018 and acknowledge that "safeguarding children is everyone's responsibility" and that "everyone who comes into contact with children and families has a role to play".
- We will liaise with the local statutory safeguarding partnerships such as the Local Safeguarding Children Board (LSCB), Safeguarding Adult Board (SAB) or any other local safeguarding mechanisms.
- We shall ensure that our premises meet the requirements of the Equalities Act 2010 (which incorporated the Disability Discrimination Act 1995) and all other relevant legislation, and that it is welcoming and inclusive.
- We are committed to building constructive links with statutory and voluntary agencies involved in safeguarding and sharing relevant information.

3. Support those in our Church who serve Children and Adults

The Trustee Board have appointed a Safeguarding Coordinator and a Deputy Safeguarding Coordinator to respond to any safeguarding concern or suspicion of abuse.

The Trustee Board fully supports them in their role of acting in the best interest of the child or adult and reporting to the statutory authorities all allegations or suspicions of abuse.

- We commit to providing safeguarding training and development opportunities for all our workers (paid and voluntary) and will regularly review the training needs, and the operational guidelines attached to this policy.
- We will also support, resource, monitor and provide supervision to all those who undertake work with children or adults, and those in positions of trust.

- We commit to providing induction training for all those working with children and adults.
- We take seriously our responsibility for ensuring that everyone is safe in our care and that their dignity and rights are maintained.

4. Safeguarding in Practice

- We commit to supporting, listening to, and working towards healing for everyone affected, either directly or indirectly by any form of abuse.
- We are a welcoming Church, which recognises that in following our mission, we may have sexual offenders join us. In such circumstances we will talk with the person concerned, and with any safeguarding professional involved to ensure that their involvement in church does not compromise the safety and well-being of children or adults. To ensure this we will take appropriate and proportionate measures, including working with relevant partners to complete a risk assessment and asking the individual to adhere to a safeguarding agreement.
- We recognise the personal dignity and rights of adults who find themselves victims of forced marriage or modern slavery and will ensure all our policies and procedures reflect this.
- Where working outside of the UK, concerns will be closely managed by the Church Trustee Board Team reporting to the Trustees where appropriate. Any safeguarding concerns will be managed using our safeguarding procedures and through obtaining professional guidance where appropriate.
- All safeguarding concerns should be immediately reported to the Safeguarding Coordinator or Deputy Safeguarding Coordinator in the church. No one in receipt of a disclosure of abuse, or suspicion of abuse should investigate the matter.
- Where an allegation or suspicion of abuse is made against someone working with children, or adults, or is in a position of trust, then the safeguarding officer(s) will make contact with our designated professional safeguarding advisors for advice.
- We shall support the Safeguarding Coordinator(s) in their work and in any action, they may need to take in order to protect children and adults.
- It is the expectation that all those working with children and with adults have access to the church safeguarding policy and will have read it and agreed to fully adhere to the policy, procedures, and practice guidelines, as condition of continuing in their role.
- A filed copy of any amendments should be subsequently published in the same manner.
- The safeguarding policy should also be available to parents, carers, and all others within the church. It could be made available upon request for quality assurance purposes, for example with professional advisors.
- We shall not allow the document to be copied by other organisations.

SECTION 3 - POLICY

3. PREVENTION

Definitions (Understanding What Is Abuse & Neglect)

NB. Detailed definitions of abuse are included at appendix 4 of this policy.

Child abuse or abuse against an adult can be a difficult and complex issue to understand. A person may abuse or neglect by inflicting harm or failing to prevent harm. Children and adults in need of protection may be abused within a family, an institution, or a community setting. Very often, the abuser is known or is in a trusted relationship with the child or adult. Research shows that abuse can be perpetrated by males and females, by adults and by children, as well as those in positions of trust and authority. Sadly, people in such positions have misused their power and authority within churches to abuse.

The four main categories of child abuse are physical, emotional, sexual abuse and neglect. It is important to note that a child may be suffering from more than one form of abuse. Safeguarding professionals must assess if they need to intervene in order to protect a child and this is based on whether it is felt a child is suffering from, or likely to suffer from, significant harm. There are other forms of abuse (such as child sexual exploitation) which come under these four main headings when instigating a child protection plan.

1. Parties shall take all appropriate legislative, administrative, social, and educational measures to protect the child from all forms of physical or mental violence, injury or abuse, neglect or negligent treatment, maltreatment or exploitation, including sexual abuse, while in the care of parent(s), legal guardian(s) or any other person who has the care of the child.

2. Such protective measures should, as appropriate, include effective procedures for the establishment of social programmes to provide necessary support for the child and for those who have the care of the child, as well as for other forms of prevention and for identification, reporting, referral, investigation, treatment, and follow-up of instances of child maltreatment described heretofore, and, as appropriate, for judicial involvement.

In order to safeguard those in our place of worship and organisation we adhere to the UN Convention on the Rights of the Child and have as our starting point as a definition of abuse, Article 19 which states:

Adults are in need of protection due to physical, sexual, psychological (which includes emotional abuse) and neglect (including self-neglect) as well as financial, institutional, discriminatory abuse, modern slavery, trafficking and domestic violence. Detailed definitions, signs, and symptoms of abuse are included in the appendices. Defining child abuse or abuse against an adult is a difficult and complex issue. A person may abuse by inflicting harm, or by failing to prevent harm. Children and adults in need of protection may be abused within a family, an institution or a community setting. Very often the abuser is known or in a trusted relationship with the child or vulnerable adult.

Also, for adults the UN Universal Declaration of Human Rights with particular reference to Article 5 which states:

No one shall be subjected to torture or to cruel, inhuman or degrading treatment or punishment.

Article 5, UN Universal Declaration of Human Rights

SECTION 4 – POLICY

4. PRACTICE GUIDELINES

Policy Statement (Safer Recruitment)

The Trustee Board is committed to on-going safeguarding training and development opportunities for all workers, developing a culture of awareness of safeguarding issues to help protect everyone. All our workers will receive induction training and undertake appropriate safeguarding training regularly according to 'good practice' guidelines, and training should cover signs and indicators of abuse and how to respond as a minimum. This training may be provided either by our church's Safeguarding Coordinator (if confident and competent to do so) or by a professional safeguarding organisation via their training programme(s), or another recognised body, organisation, or qualified individual.

Policy Statement (Safeguarding Awareness)

As a Trustee Board, we will endeavour to ensure that children and adults are provided with information on where to get help and advice in relation to abuse, discrimination, bullying or any other matter of concern. As a Trustee Board, we recognise that for many victims/survivors of abuse, where the abuse has taken/takes place within the context of the church or by someone professing a Christian faith, it can have an impact on their spiritual development.

Policy Statement (Code Of Conduct)

As a Trustee Board we are committed to supporting all workers and ensuring they receive support and supervision. All workers shall be issued with a code of conduct towards children, young people and adults with additional care and support needs.

SECTION 5 – POLICY

5. RESPONDING TO ALLEGATIONS OF ABUSE

Policy Statement (Responding To Allegations Of Abuse)

The Trustee Board shall ensure that detailed procedures are implemented which address the following when responding to allegations of abuse:

- Reporting a Concern
- Obtaining appropriate professional advice
- Refer to Sections 7 to 10 for procedures.

Documented processes shall set out detailed procedures for when there is/are:

- Concern about a child's welfare
- Concern about the welfare of an adult (with care/support needs)
- Concern about alleged abuse against a person who works with children/young people
- Allegations of abuse against a person who works with adults (with care/support needs)
- Refer to Sections 7 to 10 for procedures.

SECTION 6 – POLICY

6. PASTORAL CARE

Policy Statement (Pastoral Care)

With the various activities we are involved in as a church, we understand the safeguarding considerations and shall undertake risk assessments where appropriate for the various activities, enforcing clear guidelines for all in positions of trust in church. The Trustee Board is also committed to offering pastoral care, working with statutory agencies as appropriate, and support to all those who have been affected by abuse who have contact with or are part of the place of worship / organisation.

Church is not simply meeting for collective worship on a Sunday, but involves many different groups and activities, across the age range, throughout the week, and at different times day and night. We work with children on Wednesday Microtots meeting and young people through Ignite , Kids Church, youth church meetings, Life Groups communicating online by text, social media, and app services. Our work with adults at risk of harm can include through luncheon clubs for older people such as Connect 50, etc. Our church activities are not confined solely to a church building, and we can meet in people's homes for Bible reading or other activities. Church also might involve other residential or outdoor activities. We also provide pastoral care in people's homes and counselling support.

A church should be a safe place for everyone, children and adults, where all feel welcomed, valued, respected and cared for. We can promote this by ensuring that our buildings are accessible, recognising the limitations that the design of some buildings create and addressing this, along with the acoustics and lighting. We should also be careful to use appropriate language and suitable vocabulary that can often reflect people's attitudes towards others.

Policy Statement (Counselling)

The Trustee Board is committed to ensuring that it manages all pastoral matters appropriately, including the signposting of those in need to specific support as well as seeking advice and support as a management body.

[The Trustee Board Team understands that, whether in the present, recent or distant past, the effects of abuse can be devastating and long term, not only for the person who has been abused but also for family members, friends, social groups and the organisation or faith community. Those affected may struggle with a range of issues, including aspects of faith and spirituality - particularly where the abuse occurred within a faith context. So, the Trustee Board acknowledges that this needs sensitive handling. It recognises that showing care and compassion, being available to listen and offering support are important in responding to the needs of adult survivors. Some people will need professional help and the Trustee Board realise it is important to recognise this and signpost those in need, being aware of the church's own resource limitations to offer specific support. The Trustee Board are prepared to seek advice and support.

Policy Statement (Working with Offenders)

When someone attending the place of worship / organisation is known to have abused children or is known to be a risk to adults with additional care & support needs the Trustee Board will supervise the individual concerned and offer pastoral care, but in its safeguarding commitment to the protection of children and vulnerable adults, it will set boundaries for that person which they will be expected to keep.

Anyone part of any team looking after children, young people and vulnerable adults will require a DBS check every 3 years and anything deemed relevant that might affect the results must be declared in between checks.

PROCEDURES - SECTION 7, 8, 9 & 10

7. PRACTICE GUIDELINES PROCEDURES – Refer to section 4

As well as a general code of conduct for workers we also have specific good practice guidelines for every activity we are involved in.

SAFER RECRUITMENT

Procedures include ensuring that:

- There is a written job description / person specification for the post
- Those applying have completed an application form and a self-declaration form
- Those short listed have been interviewed
- Safeguarding has been discussed at interview
- Written references have been obtained, and followed up where appropriate
- Qualifications where relevant have been verified
- A disclosure and barring check has been obtained in accordance with the position that the person has applied for, where necessary, and in accordance with any obligations of external agencies (e.g., AoG for Status Ministers)
- As a church we will comply with Code of Practice requirements concerning the fair treatment of applicants and the handling of information
- A suitable induction and training programme is provided for the successful applicant
- The applicant has access to and has read the church safeguarding policy and knows how to report concerns to the Safeguarding Coordinator.
- The applicant has completed a probationary period
- Suitable ongoing support and supervision is provided
- An annual suitability declaration is completed where necessary

CODE OF CONDUCT

We are committed to supporting all workers and ensuring they receive support and supervision. It is important there is a culture of dignity and respect towards those being cared for. We have a code of conduct towards children, young people and adults, drawn up in consultation with the Safeguarding Coordinator and activity leaders that all workers agree to follow, and which includes:

- understanding our safeguarding policy and good working practice.
- listening to children, young people and adults.
- respecting boundaries and the privacy of those being cared for.
- knowing how to deal with issues of discipline in line with our code of conduct.
- those providing pastoral care should avoid any behaviour that may give the impression of favouritism.

- workers should be aware of the limits of their own ability and competence and seek further help when dealing with situations outside their expertise.
- there should be clear guidelines where workers are involved in any aspect of personal finance such as collecting benefits or pension or going shopping for someone to ensure financial integrity.

Position of Trust

Section 47 of the Police, Crime, Sentencing and Courts Act 2022 inserted a new section 22A into the Sexual Offences Act 2003 on 28th June 2022, expanding the meaning of "position of trust":

- '(a) A coaches, teaches, trains, supervises or instructs B, on a regular basis, in a sport **or a religion**, and
- (b) A knows that they coach, teach, train, supervise or instruct B, on a regular basis, in that sport **or religion**, where "religion" includes "a religion which involves belief in more than one god, and a religion which does not involve belief in a god".'

TRAINING & TEAM

All workers (whether paid or voluntary) will be provided with appropriate training and given the opportunity to develop their skills so that they feel supported and valued in the work they undertake. As a Trustee Board, we commit to ensuring all workers are supervised (where possible by a named individual who arranges regular meetings) where concerns or issues can be raised, work related or personal. It is also the role of the safeguarding supervisor(s) to ensure all training needs are met. The Trustee Board recognises the importance of team meetings. These shall be convened on a regular basis and also provide an opportunity for ideas and issues to be aired, concerns expressed, and feedback given in a safe environment.

WORKING IN PARTNERSHIP (E.g., Other COUNTRIES)

The diversity of organisations and settings means there can be great variation in practice when it comes to safeguarding children, young people and adults. This can be because of cultural tradition, belief and religious practice or understanding, for example, of what constitutes abuse.

We therefore have clear guidelines in regard to our expectations of those with whom we work in partnership, whether in the UK or not:

- We will discuss with all partners our safeguarding expectations and have a partnership agreement for safeguarding.
- It is also our expectation that any organisation using our premises, as part of the letting agreement will have their own policy that meets our safeguarding standards.

GOOD COMMUNICATION

Good communication is essential in promoting safeguarding, both to those we wish to protect, to everyone involved in working with children and adults and to all those with whom we work in partnership. This safeguarding policy is just one means of promoting safeguarding.

Every effort should be made to ensure that confidentiality is preserved; this needs to be balanced with the need to protect a person who has been or is at risk of abuse. All those working with adults must be clear that it is not possible to keep information about suspected or actual abuse confidential. In order to protect the adult at risk of harm, or others at potential risk means that this will need to be reported to the Safeguarding Coordinator.

LOCAL CHURCH MISSION

Policy Statement

This safeguarding policy applies to all our Mission workers and volunteers overseas and any members of our local churches that participate in locally driven mission activity, whether planting/establishing churches within indigenous communities, visiting on short-term mission or placed as a long-term missionary in our many locations around the world.

Prevention of abuse

It is recognised that the cultures within which international missions are often working may adopt different standards to the care and treatment of children and young people. Nevertheless, the standards and principles adopted within the UK are expected to apply in international mission situations. The maltreatment of children and young people is contrary to Biblical values and practices and therefore cannot be tolerated.

Due regard will need to be given to the cultures within which activities are taking place, however under the expectation of applying UK standards to the practice of mission workers, some guidance may be useful.

Procedures

Our Workers/Missionaries should:

- be able to recognise situations which may present risks
- plan and organise the work and workplace so as to minimise risks as far as possible and be visible to other adults when working and talking with children
- take particular care for the needs of disabled children and other vulnerable children as research has shown that abuse can often go unrecognised and unreported due to people's attitudes and assumptions about disability
- ensure that others know where interviews of children are taking place and that someone else is around in the building

Our Workers/Missionaries should not:

- spend excessive time alone with children
- take children to their personal home, or to stay overnight, especially where they will be alone with you

- leave any person under 16 in charge of any children of any age. However, some local/national legislation may require this to be 18 years of age. Nor should children or young people attending any group be left alone at any time.
- hit or otherwise physically assault children
- develop physical/sexual relationships with children
- develop relationships with children which could in any way be deemed exploitative or abusive
- use language, make suggestions or offer advice, which is inappropriate, offensive or abusive.
- do things for children of a personal nature that they can do for themselves
- act in ways intended to shame, humiliate, belittle or degrade children, or otherwise perpetrate any form of emotional abuse, discriminate against, show differential treatment, or favour particular children to the exclusion of others.

Responding & Reporting Mechanisms

All overseas mission activities should have a designated Safeguarding Coordinator responsible for safer recruitment of both staff and volunteers/visitors (including DBS disclosures where these are necessary) and for ensuring that applicants are fully apprised of the safeguarding policy. All incidents, allegations or concerns identified during overseas mission activities must be reported to the Safeguarding Coordinator for the sending church if a part of locally driven mission activity, who will then liaise with the appropriate authorities to ensure good practice is facilitated in relation to the reporting of any allegations of abuse within the relevant country.

If an allegation is made against a worker/missionary, that person must be removed from their duties or prevented from having any further contact with children and young people or adults with additional care and support needs immediately whilst necessary action is taken. Due account must always be taken of the laws and frameworks in place within any country in which the missions operate. In many cases, practice, values and beliefs in relation to safeguarding the vulnerable will be different to the UK. However, care must always be taken to ensure that the rights of the individuals concerned are upheld (see the *UN Convention on Human Rights* and *UN Convention on the Rights of the Child*).

LOCAL CHURCH EVENTS

Policy Statement

Safeguarding the vulnerable is no less important at one-off events as it is in regular local, regional or national activity. In many ways there is greater need to ensure that the planning of such events includes awareness of safeguarding and adherence to our safeguarding policy. The maltreatment of children and young people is contrary to Biblical values and practices and therefore cannot be tolerated. This safeguarding policy therefore applies to all our events and any employees or volunteers who participate in local, regional or national activity.

Single Approach

It is recognised that events occur in many formats, and that there are responsibilities for both the host/venue, and also the lead/planning organisation. There are no differences in standards and principles within the UK, regardless of the nature of the event.

There are responsibilities for the host/venue, and equally there are responsibilities for the lead organisation, however it is the event organiser that has primary responsibility for ensuring safeguarding at their event. We shall ensure that, whether we are a host venue, or event organiser at another venue, the following will be checked:

Venues should:

- Have a safeguarding policy
- Undertake DBS Checks on all employees and volunteers that require checks
- Use safer recruitment procedures
- Make any organisation that wishes to hold an event on their premises aware of their safeguarding policies and procedures.
- Establish what insurance the event organisers have in place (e.g., public liability insurance)
- Consider asking to see copies or details of the event organisers' policies and procedures.

Event organisers should:

- Ask to see proof of host/venue safeguarding policy & procedures
- Ensure that safeguarding policy and procedures are followed at their event, by
 - Appointing a Safeguarding Coordinator
 - Employing staff or volunteers that have been DBS checked (where required)
 - Planning activities and events that are appropriately supervised (ratios, trained staff etc)
 - Checking that locations are safe and secure

Responding & Reporting Mechanisms

All events and activities should have a designated Safeguarding Coordinator responsible for overseeing the activity and ensuring that all staff and volunteers/visitors are fully apprised of the safeguarding activity and requirements.

All incidents, allegations or concerns identified during events must be reported to the Safeguarding Coordinator for the organising church if a part of locally driven outreach activity, who will then liaise with the appropriate legal authorities and professional support organisations to ensure good practice is facilitated in relation to the reporting of any allegations of abuse.

If an allegation is made against an employee or volunteer, that person must be removed from their duties or prevented from having any further contact with children and young people or adults with additional care and support needs immediately whilst necessary action is taken.

SECTION 8 – PROCEDURES

8. RESPONSE TO ALLEGATIONS OF ABUSE PROCEDURES - Refer to section 5

Under no circumstances should a worker carry out their own investigation into an allegation or suspicion of abuse. Follow procedures as below and see the flow chart in the Appendices:

- The person in receipt of allegations or suspicions of abuse should report concerns as soon as possible to:

Name of Safeguarding Coordinator:	Jamie Forster
Contact Details: <i>Contact numbers, email and any other useful information</i>	07805387930 Safeguarding@middlewich.org

This person is nominated by the Trustee Board to act on their behalf in dealing with the allegation or suspicion of neglect or abuse, including referring the matter on to the statutory authorities.

- In the absence of the Safeguarding Coordinator or, if the suspicions in any way involve the Safeguarding Coordinator, then the report should be made to:

Name of Deputy Safeguarding Coordinator:	
Contact Details: <i>Contact numbers, email and any other useful information</i>	

- If the suspicions implicate both the Safeguarding Coordinator and the Deputy, then the report should be made in the first instance to:

- ***Thirtyone:eight, PO Box 133, Swanley, Kent, BR8 7UQ. Telephone: 0303 003 1111. A helpline is available for advice (Monday-Friday 9am-5pm with an out of hours service), but where the situation is an emergency, the police should be contacted.***
- ***Christian Safeguarding Services 6 Marshalsea Road London SE1 1HL. Telephone: 0116 218 4420. A helpline is available for advice (8am-10pm; calls may be diverted to an answerphone), but where the situation is an emergency, the police should be contacted.***

- Where the concern is about a child the Safeguarding Coordinator should contact Children's Social Services.

The local Children's Social Services office telephone number (office hours) is	0300 123 5012
The out of hours emergency number is	0300 123 5022

- Where the concern is regarding an adult in need of protection, contact Adult Social Services or take advice from the professional support organisation listed above.

The local Adult Social Services office telephone number (office hours) is	0300 123 5010
The out of hours emergency number is	0300 123 5022

The Police Public Protection Unit telephone number is	101
---	-----

- Where required, the Safeguarding Coordinator should then immediately inform senior personnel within the organisation as follows:

Name:	Antony Bhunu
Position:	Senior pastor
Contact Details: <i>Contact numbers, email and any other useful information</i>	07859882095 Antony@middlewich.org

Name:	Caroline Thompson-Haylett
Position:	Youth Pastor
Contact Details: <i>Contact numbers, email and any other useful information</i>	Caz@middlewich.org

- Suspicions must not be discussed with anyone other than those nominated above.
- A written record of the concerns should be made in accordance with these procedures and kept in a secure place.
- The Trustee Board will support the Safeguarding Coordinator /Deputy in their role and accept that any information they may have in their possession will be shared in a strictly limited way on a need-to-know basis.
- The Trustee Board must consider any duty regarding informing the church's insurers and the charity commission (if a registered charity) of offences committed by staff and volunteers.**
- If the person against whom an allegation is being made is in a position of trust, the Local Authority Designated Officer (LADO) or alternative local authority organisation needs to be

contacted within 24 hours. It may also be necessary to inform the DBS if the person is engaged in 'regulated activity'.

- It is, of course, the right of any individual as a citizen to make a direct referral to the safeguarding agencies or seek advice from a professional safeguarding organisation, although the Trustee Board expect that members of the place of worship / organisation will use this procedure. If, however, the individual with the concern feels that the Safeguarding Coordinator / Deputy has not responded appropriately, or where they have a disagreement with the Safeguarding Coordinator(s) as to the appropriateness of a referral, they are free to contact an outside agency directly. This would also apply if the Safeguarding Coordinator / Deputy were not available. We believe by making this statement that the Trustee Board demonstrates its commitment to effective safeguarding and the protection of all those who are vulnerable.

The role of the Safeguarding Coordinator / Deputy is to collate and clarify the precise details of the allegation or suspicion and pass this information on to statutory agencies who have a legal duty to investigate. It is not necessarily the role of the Safeguarding Coordinator to investigate allegations and concerns.

Procedures For When There Is Concern About the Welfare Of A Child

See the flow chart in Appendix 2

ALLEGATIONS OF PHYSICAL INJURY, NEGLECT OR EMOTIONAL ABUSE

If a child has a physical injury, an indicator of neglect or where there are concerns about emotional abuse, the Safeguarding Coordinator /Deputy will:

- Seek medical help if needed urgently via phoning 999.
- Contact Children's Social Services (or a professional safeguarding organisation) for advice in cases of deliberate injury, if concerned about a child's safety or if a child is afraid to return home. If the issue is urgent, the Police Protection Unit and/or the Out of Hours Children's Services must be contacted without delay.
- Not tell the parents or carers unless advised to do so, having contacted Children's Social Services.
- For lesser concerns, (e.g., poor parenting), encourage parent/carer to seek help, but not if this places the child at risk of significant harm.
- Where the parent/carer is unwilling to seek help, offer to accompany them. In cases of real concern, if they still fail to act, contact Children's Social Services direct for advice.
- Seek and follow advice given by [name of your external professional supporting organisation (who should confirm their advice in writing) if unsure whether or not to refer a case to Children's Social Services.

ALLEGATIONS OF SEXUAL ABUSE

In the event of allegations or suspicions of sexual abuse, the Safeguarding Coordinator /Deputy will:

- Contact the Children's Social Services Department Duty Social Worker for children and families or Police Child Protection Team direct. They will NOT speak to the parent/carer or anyone else.
- Seek and follow the advice given by your professional safeguarding support organisation if, for any reason they are unsure whether or not to contact Children's Social Services/Police. The professional safeguarding support organisation should confirm its advice in writing for future reference.

Procedures For When There Is Concern About the Welfare Of An Adult

See the flow chart in Appendix 2

Definition of "adult"

As adult safeguarding systems have developed there has been a move away from using the term 'vulnerable adults', whilst recognising that certain pieces of legislation (e.g., the Police Act 1997) and different agencies use this term. The term 'adult at risk' is generally now replacing the previously used term 'vulnerable adult' (focusing on the situation rather than the characteristics of the adult themselves). The label 'vulnerable adult' may wrongly imply that some of the fault for any abuse lies with the abused adult. The Care Act 2014 does not use the word vulnerable, but rather an 'adult with care and support needs', who is, or is at risk of abuse or neglect. Other descriptions include 'adults at risk' (the Adult Support and Protection (Scotland) Act 2007, Adult Safeguarding Prevention and Protection in Partnership, July (DHSSPS)) and 'adults in need of protection'. 'Adults' is used in this policy to mean adults in need of protection.

These safeguarding policy and procedures will use the various terms interchangeably except where referring to specific legislation or government guidance.

SUSPICIONS OR ALLEGATIONS OF PHYSICAL OR SEXUAL ABUSE

The Care Act 2014 places the duty upon **Adult Services** to investigate situations of harm to adults. This may result in a range of options including action against the person or organisation causing the harm, increasing the support for the carers or no further action if the 'victim' chooses for no further action and they have the capacity to communicate their decision. However, this is a decision for Adult Services to decide, not the church.

If an adult with additional care and support needs has a physical injury or indicator of sexual abuse the Safeguarding Coordinator/ Deputy will:

- Discuss any concerns with the individual themselves giving due regard to their autonomy, privacy and rights to lead an independent life. Advice needs to be sought from the statutory agencies if it is felt that their choice might contradict their welfare needs.
- If the adult with additional care and support needs is in immediate danger or has sustained a serious injury contact the Emergency Services, informing them of any suspicions.
- For advice contact the appropriate Adult Social Care Team who have responsibility under Section 47 of the NHS and Community Care Act 1990 and government guidance, 'No Secrets', to investigate allegations of abuse.
- The Police Public Protection Unit will also provide advice and will need to be contacted where the concerns are of a serious nature. Alternatively, your professional safeguarding support organisation can be contacted for advice.

Procedure For When There Is Concern About Abuse

By Those Who Work with Children Or Adults

See the flow chart in Appendix 2

If an accusation is made against a worker (whether a volunteer or paid member of staff) whilst following the procedure outlined above, the Safeguarding Coordinator or Deputy, in accordance with Local Safeguarding Children Board (LSCB) procedures, will need to:

- liaise with Children's Social Services in regard to the suspension of the worker, also making a referral to a Local Authority Designated Officer (LADO) or alternative local authority organisation.
- The role of the LADO is set out in HM Government guidance Working Together to Safeguard Children (2018) Chapter 2 Paragraph 4. and is governed by the Authorities duties under section 11 of the Children Act 2004. This guidance outlines procedures for managing allegations against people who work with children who are paid, unpaid, volunteers, casual, agency or anyone self-employed.
- inform the Office of General Manager at AOG National Office if the allegations concern a Status Minister or other Senior Minister responsible for the church in question regardless of status);
- the LADO or alternative will be contacted within 24 hours as follows:

Name:	Cheshire East LADO team
Phone:	01270 685904
Email:	LADO@cheshireeast.gov.uk
Online form link (child):	https://www.cheshireeast.gov.uk/livewell/care-and-support-for-children/are-you-concerned-about-a-child/cheshire-east-consultation-service-chechs/safeguarding-service.aspx
Online form link (adult):	https://www.cheshireeast.gov.uk/livewell/care-and-support-for-children/are-you-concerned-about-a-child/cheshire-east-consultation-service-chechs/safeguarding-service.aspx

In addition to this, whether or not there are such mechanisms in operation, consideration should be given to whether a referral should be made to the Disclosure and Barring Service which manages the list of those people deemed unsuitable for working with children or adults with additional care and support needs. Where we are liaising with a Designated Officer, we will discuss with them about the need to refer to the DBS. If a Designated Officer is not involved, we will contact the DBS if the

situation is that the nature of concern leads us to end the employment of the worker or volunteer or would have made this decision in circumstances where they have left voluntarily.

Note:

- *There may also be a requirement under law to make a referral to the DBS (Disclosure and Barring Service) who hold the lists of people barred from working with children and adults with additional care and support needs – this will require discussion with the Designated Officer (please note that LADOs exist only in England – other nations should use the usual channels of communication with children's services or their equivalent).*

The LADO works within Children's Services and should be alerted to all cases in which it is alleged that a person who works with children has:

- behaved in a way that has harmed, or may have harmed, a child
- possibly committed a criminal offence against children, or related to a child
- behaved towards a child or children in a way that indicates s/he is unsuitable to work with children

The LADO role applies to paid, unpaid, volunteer, casual, agency and self-employed workers. They capture concerns, allegations or offences emanating from outside of work. The LADO is involved from the initial phase of the allegation through to the conclusion of the case.

They will provide advice, guidance and help to determine whether the allegation sits within the scope of the procedures.

SECTION 9 – PROCEDURES

9. PASTORAL CARE PROCEDURES – Refer to section 6

PASTORAL CARE (SUPPORTING THOSE AFFECTED BY ABUSE)

Will undertaken through the following

WORKING WITH OFFENDERS

The church will undertake DBS checks for any position related to looking after children or young adults or vulnerable adults. Anyone failing these checks will not be permitted to work for the church. Refer to the Appendices for mor details.

APPENDICES - SECTION

APPENDIX 1 - TRUSTEE BOARD SAFEGUARDING STATEMENT

This is a duplication of what is within this policy.

In providing this detailed statement about safeguarding children and adults within our church, in the services, groups and activities we provide, along with the interaction we have outside of these events, including through social media and other electronic communication means, the **Trustee Board**

----- [or insert appropriate title(s) e.g. Church Council, Pastoral Team, Trustee Board Team etc] (hereafter referred to as 'Trustee Board') hope to demonstrate our commitment to ensuring the safety of all. We endeavour to provide a healthy and safe church culture where the welfare of the child, young person and adult is paramount.

Whilst recognising that the very nature of safeguarding means that we have to respond to allegations both sensitively and confidentially, this does not mean secretly. We strive to be open, transparent and accountable. This means seeking advice and liaising with Social Services, Police and other agencies as necessary.

The following statement was agreed by the Trustee Board/organisation on: -----

- We recognise that we all have a responsibility to help prevent the abuse and neglect of children and adults and to report any such abuse or neglect that we discover or suspect.
- We are committed to the safeguarding of children and adults and ensuring their well-being. We recognise that children and adults can be the victims of physical, sexual and emotional abuse, as well as financial and discriminatory abuse and other forms of harm such as exploitation and neglect.
- We endorse and adopt the policy, procedures and guidance set out in this safeguarding policy in accordance with governments' national legislation, statutory guidance and local safeguarding procedures.

As a Trustee Board we have therefore adopted the procedures set out in this safeguarding policy in accordance with statutory guidance. We are committed to build constructive links with statutory and voluntary agencies involved in safeguarding. We will review this statement and our policy and procedures annually.

THE TRUSTEE BOARD UNDERTAKES TO:

1. Promote a Safe & Healthy Church Culture

- We respect the rights of children as described in the UN Convention on the Rights of the Child. We value and respect children and want to hear their voices.

- We accept the UN Universal Declaration of Human Rights and the International Covenant of Human Rights, which states that everyone is entitled to “all the rights and freedoms set forth therein, without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth or other status”.
- We understand the importance of creating a welcoming and inclusive, safe and healthy environment and are committed to ensuring that we meet the requirements of the Equality Act 2010, implementing all other relevant legislation as part of safeguarding.
- We recognise the personal dignity and rights of adults and will ensure all our policies and procedures and practice guidance reflect this, so that adults can have access to every aspect of the life of our church.
- We are committed to supporting parents and families and ensuring that our church is a safe place for all.

The church has appointed a Safeguarding Coordinator and a Deputy Safeguarding Coordinator as points of reference, to act on all allegations or suspicions of abuse in reporting to the statutory safeguarding authorities. In our commitment to openness, should anyone have a concern that our church or the Safeguarding Coordinator(s) have not dealt appropriately with a safeguarding concern we would encourage that person to make a direct referral to Social Services or the Police.

2. Work with Safeguarding authorities

We recognise the role that the statutory safeguarding authorities (Social Services and the Police) have in investigating all suspicions and allegations or discovery of child abuse and the abuse of adults and will cooperate fully with all agencies to protect those at risk of harm or abuse:

- Children's Social Services (or equivalent) has lead responsibility for investigating all allegations or suspicions of abuse where there is a concern about a child.
- Adult Social Services (or equivalent) has lead responsibility for investigating all allegations or suspicions of abuse when concerned about the welfare of an adult.
- Where an allegation suggests that a criminal offence may have been committed then the police should be contacted as a matter of urgency.
- We will follow the requirements for UK legislation in relation to safeguarding children and adults and good practice recommendations.
- We will act in accordance with national and local safeguarding guidance such as laid out in Working Together to Safeguard Children 2018 and acknowledge that “safeguarding children is everyone's responsibility” and that “everyone who comes into contact with children and families has a role to play”.
- We will liaise with the local statutory safeguarding partnerships such as the Local Safeguarding Children Board (LSCB), Safeguarding Adult Board (SAB) or any other local safeguarding mechanisms.
- We shall ensure that our premises meet the requirements of the Disability Discrimination Act 1995 and all other relevant legislation, and that it is welcoming and inclusive.

We are committed to building constructive links with statutory and voluntary agencies involved in safeguarding and sharing relevant information.

3. Support those in our Church who serve Children and Adults

The Trustee Board have appointed a Safeguarding Coordinator and a Deputy Safeguarding Coordinator to respond to any safeguarding concern or suspicion of abuse. The Trustee Board fully supports them in their role of acting in the best interest of the child or adult and reporting to the statutory authorities all allegations or suspicions of abuse.

- We commit to providing safeguarding training and development opportunities for all our workers (paid and voluntary) and will regularly review the training needs, and the operational guidelines attached to this policy.
- We will also support, resource, monitor and provide supervision to all those who undertake work with children or adults, and those in positions of trust.
- We commit to providing induction training for all those working with children and adults.
- We take seriously our responsibility for ensuring that everyone is safe in our care and that their dignity and rights are maintained.

4. Safeguarding in Practice

- We commit to supporting, listening to, and working towards healing for everyone affected, either directly or indirectly by any form of abuse.
- We are a welcoming Church, which recognises that in following our mission, we may have sexual offenders join us. In such circumstances we will talk with the person concerned, and with any safeguarding professional involved to ensure that their involvement in church does not compromise the safety and well-being of children or adults. To ensure this we will take appropriate and proportionate measures, including working with relevant partners to complete a risk assessment and asking the individual to adhere to a safeguarding agreement.
- We recognise the personal dignity and rights of adults who find themselves victims of forced marriage or modern slavery and will ensure all our policies and procedures reflect this.
- Where working outside of the UK, concerns will be closely managed by the Church Trustee Board Team reporting to the Trustees where appropriate. Any safeguarding concerns will be managed using our safeguarding procedures and through obtaining professional guidance where appropriate.
- Where an allegation or suspicion of abuse is made against someone working with children, or adults, or is in a position of trust, then the safeguarding officer(s) will make contact with our designated professional safeguarding advisors for advice.
- We shall support the Safeguarding Coordinator(s) in their work and in any action, they may need to take in order to protect children and adults.

It is the expectation that all those working with children and with adults have access to the church safeguarding policy and will have read it and agreed to fully adhere to the policy, procedures, and practice guidelines, as condition of continuing in their role.

We will review this statement, our policy, and procedures annually.

All safeguarding concerns should be immediately reported to the Safeguarding Coordinator or Deputy Safeguarding Coordinator in the church. No one in receipt of a disclosure of abuse, or suspicion of abuse should investigate the matter.

APPENDIX 3 - STATUTORY DEFINITIONS OF ABUSE

Statutory Definitions of Abuse (Children)

Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm.

Children may be abused in a family or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or another child or children.

Child protection legislation throughout the UK is based on the United Nations Convention on the Rights of the Child. Each nation within the UK has incorporated the convention within its legislation and guidance.

The four definitions of abuse below operate in England based on the government guidance 'Working Together to Safeguard Children: a guide to inter-agency working to safeguard and promote the welfare of children' (H M Government July 2018).

What is abuse and neglect?

A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults, or another child or children.

Physical abuse

A form of abuse that may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse

The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may also involve seeing or hearing the ill-treatment of another individual. It could involve serious bullying (including cyber bullying), frequently causing children to feel frightened or in danger, as well as the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Sexual abuse

Whether or not the child is aware of what is happening or not involves forcing or enticing a child or young person to take part in sexual activities. It does not necessarily involve a high level of violence. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online and technology can be used to facilitate offline abuse. Adult males do not solely perpetrate sexual abuse; women can also commit acts of sexual abuse, as can other children.

Neglect

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food, clothing, and shelter (including exclusion from home or abandonment)
- protect a child from physical and emotional harm or danger
- ensure adequate supervision (including the use of inadequate care-givers)
- ensure access to appropriate medical care or treatment

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Child sexual exploitation (CSE):

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Extremism:

Extremism goes beyond terrorism and includes people who target the vulnerable, including the young, by seeking to sow division between communities because of race, faith, or denomination. Justify discrimination towards women and girls; persuade others that minorities are inferior; or argue against the primacy of democracy and the rule of law in our society.

Extremism is defined in the Counter Extremism Strategy 2015 as the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. We also regard calls for the death of members of our armed forces as extremist.

STATUTORY DEFINITIONS OF ABUSE (ADULTS WITH ADDITIONAL CARE AND SUPPORT NEEDS)

Definition of adult with additional care & support needs ("vulnerable")

The Care Act 2014 (Chapter 14 Safeguarding and the Care and Support Statutory Guidance Issued under the Care Act 2014 (June 2014)) which covers England, defines the person who should be subject of a safeguarding enquiry as an adult who:

- has needs for care and support (whether or not the local authority is meeting any of those needs) and,
- is experiencing, or at risk of, abuse or neglect, and,
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

In Wales, the Social Services and Wellbeing Act 2014, describes an "adult at risk" an adult who

- is experiencing or is at risk of abuse or neglect,
- has needs for care and support (whether or not the authority is meeting any of those needs), and
- as a result of those needs is unable to protect himself or herself against the abuse or neglect or the risk of it.

In Scotland, the main aim of the Adult Support and Protection (Scotland) Act 2007 is to keep adults safe and protect them from harm.

The Act defines an adult at risk as people aged 16 years or over who:

- are unable to safeguard their own well-being, property, rights, or other interests; and
- are at risk of harm; and
- because they are affected by disability, mental disorder, illness or physical or mental infirmity, are more vulnerable to being harmed than adults who are not so affected.

This is commonly known as the 3-point criteria. For an adult to be at risk in terms of the Adult Support and Protection (Scotland) Act 2007, the adult must meet all three points above.

Definition of abuse

The following definition of abuse is laid down in 'No Secrets: Guidance on developing and implementing multi-agency policies and procedures to protect adults with additional care and support needs from abuse (Department of Health 2000):

'Abuse is a violation of an individual's human and civil rights by any other person or persons. In giving substance to that statement, however, consideration needs to be given to a number of factors:

Abuse may consist of a single act or repeated acts. It may be physical, verbal, or psychological, it may be an act of neglect or an omission to act, or it may occur when a vulnerable person is persuaded to enter into a financial or sexual transaction to which he or she has not consented or cannot consent. Abuse can occur in any relationship and may result in significant harm to, or exploitation of, the person subjected to it'.

Physical Abuse

This is the infliction of pain or physical injury, which is either caused deliberately, or through lack of care. Includes assault, hitting, slapping, pushing, misuse of medication, restraint, or inappropriate physical sanctions.

Sexual Abuse

This is the involvement in sexual activities to which the person has not consented or does not truly comprehend and so cannot give informed consent, or where the other party is in a position of trust, power or authority and uses this to override or overcome lack of consent. Includes rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

Psychological or Emotional Abuse

These are acts or behaviour, which cause mental distress or anguish or negates the wishes of the vulnerable adult. It is also behaviour that has a harmful effect on the vulnerable adult's emotional health and development or any other form of mental cruelty. Includes emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.

Financial or Material Abuse

This is the inappropriate use, misappropriation, embezzlement or theft of money, property, or possessions. Includes theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions, or benefits.

Neglect or Act of Omission

This is the repeated deprivation of assistance that the vulnerable adult needs for important activities of daily living, including the failure to intervene in behaviour which is dangerous to the vulnerable adult or to others. Includes ignoring medical, emotional, or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating. A vulnerable person may be suffering from neglect when their general well-being or development is impaired

Discriminatory Abuse

This is the inappropriate treatment of a vulnerable adult because of their age, gender, race, religion, cultural background, sexuality, disability etc. Discriminatory abuse exists when values, beliefs, or culture result in a misuse of power that denies opportunity to some groups or individuals. Discriminatory abuse links to all other forms of abuse.

Institutional or Organisational Abuse

Institutional or Organisational Abuse includes neglect and poor care practice within an institution or specific care setting such as a hospital or care home or in relation to care provided in one's own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.

Domestic Abuse/Violence

The cross-government (not legal) definition of domestic violence and abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence, or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass but is not limited to psychological; physical; sexual; financial; emotional abuse (so-called 'honour' based violence).

Controlling behaviour is a range of acts designed to make a person subordinate and/or dependent by isolating them from sources of support, exploiting their resources and capacities for personal gain, depriving them of the means needed for independence, resistance and escape and regulating their everyday behaviour.

Coercive behaviour is an act or a pattern of acts of assault, threats, humiliation and intimidation or other abuse that is used to harm, punish, or frighten their victim.

Modern Slavery

Modern slavery is a serious crime. It encompasses slavery, servitude, and forced or compulsory labour and human trafficking. Modern slavery victims can often face more than one type of abuse and slavery, for example if they are sold to another trafficker and then forced into another form of exploitation.

A person is trafficked if they are brought to (or moved around) a country by others who threaten, frighten, hurt, and force them to do work or other things they don't want to do.

(Taken from government guidance on how to report modern slavery 8 Dec 2016)

Self-Neglect

There is no single operational definition of self-neglect. The Department of Health (2016) defines it as, '... a wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding'.

Skills for Care provided a framework for research into self-neglect identifying three distinct areas that are characteristic of self-neglect:

- Lack of self-care - this includes neglect of one's personal hygiene, nutrition and hydration, or health, to an extent that may endanger safety or wellbeing.
- Lack of care of one's environment - this includes situations that may lead to domestic squalor or elevated levels of risk in the domestic environment (e.g., health or fire risks caused by hoarding).
- Refusal of assistance that might alleviate these issues. This might include, for example, refusal of care services in either their home or a care environment or of health assessments or interventions, even if previously agreed, which could potentially improve self-care or care of one's environment.

DEFINITIONS OF SPIRITUAL ABUSE

In recent years the concept of Spiritual Abuse has become one that has gained greater understanding amongst those in the faith community. Spiritual abuse has many similarities to the other categories of abuse and indeed may include the identification of those categories as abuse is often multi-faceted.

Although not recognised as a category of abuse in its own right by the statutory authorities, Spiritual abuse will often co-exist with those accepted forms of abuse (described above). A number of definitions have been given to this type of abuse in an attempt to adequately describe what often amounts to an abuse of trust and power to the detriment of others. Johnson and VanVonderen ('The Subtle Power of Spiritual Abuse', Bethany House Publishers, 1991) have described it as follows:

"Spiritual abuse is the mistreatment of a person who is in need of help, support or greater spiritual empowerment, with the result of weakening, undermining or decreasing that person's spiritual empowerment"

This view is shared with a similar definition offered by Ken Blue ('Healing Spiritual Abuse', IVP, 1993) as follows:

"Spiritual abuse happens when a leader with spiritual authority uses that authority to coerce, control or exploit a follower, thus causing spiritual wounds"

The professional safeguarding support organisation Thirtyone:eight has defined Spiritual Abuse as follows:

Spiritual abuse is linked with other forms of abuse, and could be defined as an abuse of power, often done in the name of God or religion, which involves manipulating or coercing someone into thinking, saying, or doing things without respecting their right to choose for themselves. Some indicators of spiritual abuse might be a leader who is intimidating and imposes his/her will on other people, perhaps threatening dire consequences or the wrath of God if disobeyed. He or she may say that God has revealed certain things to them and so they know what is right. Those under their Trustee Board are fearful to challenge or disagree, believing they will lose the leader's (or more seriously God's) acceptance and approval.

Additional information

In addition to the above, in relation to adults and children, there needs to be an understanding of other forms of harm such as Female Genital Mutilation, Domestic Abuse, Forced marriage and trafficking of adults and children. All these are included in various pieces of legislation and all those concerned with safeguarding need to be aware of the issues.

APPENDIX 4 - HARMFUL PRACTICES

Physical chastisement (resulting in physical harm)

Under UK legislation physical punishment is considered "unreasonable" if it leaves a mark on the child or if the child is hit with an implement such as a cane or a belt. The Children (Equal Protection from Assault) (Scotland) Bill (2019) makes it a criminal offence for parents to smack their children.

Forced Marriage (FM)

A Forced Marriage is when one or both prospective spouses is coerced or faces physical pressure to marry (e.g., threats, physical violence, or sexual violence) or emotional and psychological pressure (e.g., if they are made to feel they are bringing shame on their family).

APPENDIX 6 – PRAYER MINISTRY GUIDELINES

At Middlewich Community Church we are passionate about meeting with God. During our meetings we will always try to let God lead what is going on and make space for Him to meet with us.

As part of this, the leaders of the meeting may make time for us to wait on the Holy Spirit and pray for groups of people. This is an opportunity for God to work in our lives and for us to be open to Him moving in our lives.

Ministry times will usually begin with an invitation from the service leader for people to wait on God or to respond to a word from God. The most important thing to remember is that this is God's work, not ours.

It is important to remember as we facilitate what the Holy Spirit wants to do in the lives of those, we pray for that we should also be mindful of our Safeguarding practices and procedures. Trustee Board, Leadership, safeguarding and prayer team members should make themselves aware of this policy and ensure they receive regular guidance and training.

Guidance:

When you're praying, remember that you are there to encourage those seeking God and to facilitate what the Holy Spirit is doing.

Please only pray for someone who shares your gender. Prayer ministry can bring up all sorts of personal issues, so it is best practice to keep to this rule. Even if you are married, or you are praying for someone you know, please adhere to this guideline to avoid confusion and to set an example to others.

As much as possible, please bring someone alongside you to pray and do not leave yourself vulnerable.

Ask people how they would like you to pray for them; (Luke 18:40) However, be aware of not turning this into a lengthy conversation, as this is a time for the Holy Spirit to offer counselling. Be sensitive when speaking into the situation or offering a word or image.

Guidance on Touch during prayer ministry:

The laying on of hands to pray is Biblical; we see Jesus touch a man to heal him of leprosy in Mark 1: 40-45, and He lays hands on the children to bless them in Matthew 19: 13-15. However, not everyone is comfortable with this, so please be sensitive to the situation. Be careful where you place your hands to keep in line with safeguarding requirements and so that it doesn't become a distraction for the person you are praying for. Only touch in a restrained and appropriate manner.

You should only lay your hands on shoulders, upper back, forehead or hold the person's hands. Never place your hands in a personal area of the body and never under items of clothing. If the person requesting healing has an issue in a part of their body that is inappropriate for you to touch, then encourage them to place their hands on that spot whilst you lay hands appropriately.

Be aware of what is happening while you are praying for others; how is the person responding? Be aware that they may shake, cry, or fall in the power of the Holy Spirit; if this does occur then make them comfortable and respect their dignity by covering them with a cover/coat so they feel less exposed. It is not always necessary to stay with them for the whole time, but if you do remain with them, ensure that you are visible to others.

The person you are praying for may tell you about things that have happened in their life. Try not to appear shocked by any disclosures and do not request further information.

Confidentiality is important but DO NOT promise to keep anything a secret, especially in regard to claims of abuse (these must be reported to your Safeguarding Coordinator as soon as possible and you should discreetly bring in a member of Trustee Board to support you during the prayer time) If at any time you feel uncomfortable or out of your depth, please ask for assistance from a member of the prayer team or church Trustee Board. Report any concerns of mental illness, victims of abuse or any incident where a person has been physically hurt to the Safeguarding Coordinator, who will ensure it is dealt with appropriately.

Not everyone who attends our church will be familiar with ministry and prayer times and some will feel a bit concerned or anxious when they become aware of God working through His Holy Spirit. We must make people feel safe and comfortable whilst encouraging them to reach out to God. Always be respectful and sensitive, speak healing, peace, and release in Jesus' name.

Summary

Things you should do:

- Recognise that you are working under authority from church Trustee Board and be aware of your limits.
- Be careful where you place your hands. Only touch in a restrained and appropriate manner.
- Never place your hands in a personal area of the body and never under items of clothing.
- If people would like ongoing prayer, then refer them to a leader.
- Be open to correction and guidance from Trustee Board, given in love
- Report any concerns of mental illness, victims of abuse or any incident where a person has been physically hurt

Things you should NOT do:

- Do not make appointments to meet people outside of the meeting.
- Never meet anyone alone. Seek advice from Trustee Board.
- Do not promise to keep anything a secret, especially in regard to claims of abuse.
